# NODAK CROP INSURANCE NEWS

1965 Edition No. 9

March 5, 1965

Sales - Mother Nature has again stepped in and by delivering another load of that "slippery skid stuff" made our sales work more difficult.

As you well know, we are in trouble. Time is running out and our sales campaign is lagging far behind what could normally be expected. Certainly the weather has been a factor, but the weather alone isn't responsible for our present status. We all could have done more and better.

It has come to my attention that a few of our agents have been giving less than their best effort. To these agents a short word of warning--during the heart of our sales campaign and especially during the month of March, you are expected to devote all of your time to Federal Crop Insurance work. If you are unwilling or unable to do this, other arrangements will need to be made to handle the crop insurance work in your county.

Eddy, Logan, and Stutsman Counties are the newest additions to the "plus" acreage column. Congratulations!

County Operations - Agents Gerard Muggli of Golden Valley County and Sam Schindler of Sheridan County are retiring and have resigned effective March 1. The Golden Valley County Office has been moved to the District Office in Dickinson. A service agent has been appointed in Sheridan County.

# NODAK CROP INSURANCE NEWS

1965 Edition No. 10

March 12, 1965

Sales - Pembina and Dunn counties are this week's additions to the "plus" acreage column. Let's hope that we have a long list of counties in this category to report next week.

Weather and road conditions have been more favorable for sales work so we are expecting to see a big increase in acreage sold.

During the week, several fieldmen did very well; but the outstanding job was done by Joe Sparrow working with Agent Cummins in Pembina County. They obtained new business on 7520 acres with a premium of \$11,735. Our congratulations to Sparrow and Cummins.

# NODAK CROP INSURANCE NEWS

FARGO, NORTH DAKOTA

UNITED STATES DEPARTMENT OF AGRICULTURE

Edition No. 11

March 12, 1965

Sales - Congratulations to the Northeast District. From now on District Director Thexton and his agents and fieldmen will be building crop insurance as they have replaced their cancelled acreage.

McIntosh, Mountrail, Towner, and Walsh counties have now moved to the "plus" net acreage column. A number of other counties are quite close and will certainly join this select group next week; however, time is running out.

Towner, Walsh, and Cass counties led in net acreage sold this week. Cass, Towner, and Nelson were leaders in crop sales.

Collections - Don't neglect the important work of premium collections. It is feared that terminations for indebtedness will be quite high and as you know, we can't afford any more cancellations.

# NODAK CROP INSURANCE NEWS

FARGO, NORTH DAKOTA

UNITED STATES DEPARTMENT OF AGRICULTURE

Edition No. 12

March 26, 1965

This week it's congratulations to the Southeast District. We now have three districts in the "plus" acreage column.

We also have 8 new "plus acreage" counties. They are - Bottineau, Burke, Cavalier, Divide Grant, LaMoure, Ransom and Stark.

Ramsey, Mountrail and Cavalier led in net acreage sold this week. Grand Forks, Cass and Richland were leaders in crop sales.

Joe Sparrow leads all fieldmen in premium and net acreage for the week.

Joe has also been a national sales leader for several weeks.

Keep bearing down on sales. We don't have much time left and sales are lagging far behind what we should have by now.

1870-1871. This was the first year of the "Great Famine" in Ireland. The famine was caused by a combination of factors, including a severe drought in 1869, a potato blight in 1870, and a combination of both in 1871. The famine resulted in the deaths of approximately one million people and the emigration of another million.
